

Exterior Signage

XHC2001
Fabricated Aluminum Site Sign, Illuminated

XHC2002
Fabricated Bronze Letters and Logo

Created using a multitude of materials and manufacturing techniques, our exterior signage is manufactured to meet your specific site requirements and stringent quality standards.

Our resources are comprised of state-of-the-art technology and equipment along with skilled fabricators. Among our capabilities are computer routed parts, computer cut letters and graphics, painting, screen printing, digital printing, sandblasting, engraving, aluminum fabrication, and woodworking; all the processes and skills necessary to create your standard or custom exterior signage. We work with a wide range of exterior-grade materials: aluminum, Signfoam®, acrylic, even solid surface materials such as Corian®... we can do it all.

We have built our business on the added value of our complete package of services—concept to completion—followed by reliable service.
